

¡BIENVENIDOS A CUBA!

Cast B 2014's tour will include a two-week stop in Cuba, the first in UWP's history.

UWP is excited to announce that a special cast tour is being planned for October 2014 to Cuba. Cast B will be travelling for the first time in the organization's nearly 50-year history to two cities on the beautiful island of Cuba: Santa Clara and Havana. UWP will be interacting with Cuban youth and student in local schools. Cast members may be staying with host families and performing both VIP shows and public shows in large outdoor arenas in both cities.

This two-week experience will take place after the cast's visit to Mexico, prior to heading to Europe. The cast will be breaking new ground for UWP as the first cast to have ever been invited to Cuba. It has been a fourteen-month process to add Cuba to Cast B 2014's tour and has required the United States government to issue UWP a special license to travel there. "That process has been one of the biggest challenges," said Paul Whitaker, Senior Vice President of UWP.

The cast will arrive in Cuba on October 15 and will fly to Europe on October 27. They will be greeted by two Cuban alumni: Lisbeth Ruiz Sanchez ('13A) and Pedro Cruz Echevarria ('13A). "Lisbeth and Pedro will be accompanying the cast to their various community impact projects and shows in Santa Clara

and Havana," said Whitaker. "UWP will also be interviewing Cuban students to join our program."

Stay tuned for a follow-up story of this once-in-a-lifetime experience from our students' perspective!

UWP CASTS ENSURE MEMORIES, CAST LEGACIES LIVE ON

Four endowed scholarships are established in 2014; the most in UWP's recent history.

For the first time since UWP reopened its doors in 2000, three casts and the UWP International Alumni Association (UWPIAA) have successfully fundraised to establish four endowed scholarships: the most in UWP's recent history. These scholarships are a huge accomplishment as a minimum of \$20,000 needs to be raised in order to meet the qualifications of the endowment. A portion of the interest earned from these endowed scholarships will be awarded annually and the principal investment will never be spent. The three UWP casts who successfully met this challenge established endowed scholarships in honor of their casts, or in memory of a cast mate.

Miryam (Serrano) Van Horn ('97C, United States) assisted in promoting this endowment to her cast in memory of Makan Diarra ('97C, West Africa). "Makan passed away around the time of our cast's five year reunion in 2002." said Van Horn. "We talked about creating a scholarship in his memory but at that time, none of us really had any money to give."

It wasn't until April 2013 that an unlikely conversation reminded Makan's cast mates of their original idea. "One of my cast mates was in a cab in New York. The cab driver was from Mali, West Africa," said Van Horn. Makan was from Mali. "My cast mate mentioned that he knew of someone who was from that area but had passed away. It turned out that the cab driver had known Makan as well."

The story was told to others via Facebook, inspiring to Makan's cast to revisit their idea of creating a scholarship. "Instantly there was a lot of interest. The puzzle pieces were coming together," said Van Horn. Thanks to the challenge match issued by the anonymous donor, Cast 1997 C only needed to raise \$10,000. However, they had less than six months to do it.

Van Horn and Richard went to work contacting cast mates and spreading the word through the cast's Facebook group. "Once we got the online gift link from UWP, it was actually very easy," said Van Horn of the fundraising process. Once Van Horn and Richard promoted online giving to their cast, all they needed to do was follow-up with cast mates who had been interested in giving, urging them to give by the June 30, 2014 deadline.

In early June, it was confirmed that Cast 1997 C had met and surpassed their \$10,000 goal.

"It was simple, really. Once the cast members started donating, UWP took care of the rest. It is easier than it seems," said Van

Horn. "It brought our cast closer together. It had been so long since our UWP experience, and so many members of our cast are now scattered around the world. It was such an incredible experience."

"Endowed scholarships are a fantastic way for alumni and friends of UWP to provide real, tangible support to our admissions process," said Eric Anderson ('89E, United States), UWP's Vice President of Admissions. "Alumni and friends of UWP can be assured that these endowed scholarships will affect future participants of UWP for years to come."

You are back for your second semester with UWP. How are you feeling?
On the first day of my first semester in UWP (Cast A 2014), I was very overwhelmed. It was the first time I had ever been away from my family and twin sister. I was extremely introverted. Now that I am a second semester student, I feel much more confident. I have no problem going up to people and talking to them. I am very comfortable with the UWP program.

What made you decide to travel with UWP?

My older sister, Vivianne ('11A) traveled in UWP. When she came back from UWP, she was so happy. I wanted that feeling: the feeling of being comfortable with yourself and who you are as a person. UWP does that for you. It helps you become the best you that you can be.

Why did you choose to travel for a second semester with UWP?

I needed a second semester to solidify what I learned during the first semester. I also have some personal goals that I want to accomplish. As a first semester student, I was hesitant to speak my mind. I was worried about being judged by others. Now, I feel more comfortable voicing my opinion. I know that I will not be judged here. I am more comfortable with myself from the start.

What attracted you to enroll in UWP's study abroad program?

Last semester, I observed that the study abroad students always seemed to understand things like UWP's education workshops on a deeper level because of what they were learning in their classes. The program offers so many unique, experiential learning experiences. The entire experience is essentially our laboratory. We can

Charlotte arrived in Denver in January to lots of excited cast mates. She is excited to welcome her future cast mates in the same way on July 18.

apply everything we learn in our study abroad classes to UWP and the experiences it offers. For example, one of our communication classes is teaching us how to argue properly. I never knew there was a correct way to do that! We are also learning how to avoid conflict and how to recognize the opportunities for miscommunication which will be very valuable all semester long.

What qualities are you hoping to bring to the cast as second semester student?

One of the girls in my study abroad class seems very shy. That was me last semester. I feel that I am very observant and understand others' traits very well. I want to teach that girl that there is no judgment in UWP. It took me a long time to learn that. Now, I want to help others learn that as well.

UWP ALUMNI ATTEND MARRIAGE OF BELOVED HOST FAMILY

Alumni from around the world celebrated at the wedding of Rick Pepin and Andy Doerr.

On a beautiful, sun-filled day in early June 2014 near Denver, Colorado, a longtime UWP host family couple was married with family and friends at their sides. Amongst the guests were UWP alumni and other host families whom they had met since they started hosting UWP students in 2000. These guests traveled far and wide to celebrate with the couple—Andy Doerr and Rick Pepin—on their special day.

“I have known of UWP most of my life and I was going to travel in 1984 but that did not happen,” said Doerr. In January 2000, Rick and Andy sold their house to a family who happened to be hosting UWP students. “We met their girls, saw the show, and started hosting during the summer of 2000.”

Gabe Schirm ('00B, United States), was one of Doerr and Pepin's first host students. “They were the kind of host parents who genuinely enjoyed having you as a student and showing off Denver with pride,” said Gabe of the couple. “One of my favorite memories of being hosted with them happened on my first day of UWP. Rick and Andy me up in their convertible. I am from a small town and it was my first ride in that type of car. As we drove through Denver in that convertible, I felt like I was on top of the world.”

Pepin and Doerr also have many memories of their own. One of their favorite memories involves a student's first time with a dishwasher. “Instead of putting the dish washing soap in, she put a cup full of Joy dish soap in the machine,” said Doerr. “We did not notice until we were all playing cards at the kitchen table and the foam was pouring out all over the place. We were laughing so hard.”

Pepin and Doerr have been together for 22 years with much of that time having been spent hosting UWP students. So far, the couple has hosted 90 students from more than 20 countries, with four students being added to that total from UWP's current cast, Cast B 2014. The couple has certainly been a positive influence in the lives of their UWP host students as many of them attended the wedding. Seven UWP alumni from Mexico, Canada, the United States, Columbia, Denmark, and Germany were amongst the wedding guests. Seven UWP host families also attended.

Like the thousands of people around the world who have been impacted by UWP, the organization has a special place in Pepin and Doerr's heart as well. “UWP means the world to us,” said Doerr. “It is an experience like nothing you will ever have again. Everyone should have a little piece of this in their lives.”

ALUMNI AND FRIENDS EXCEED \$500,000 CHALLENGE MATCH

The challenge was made... and YOU responded!

In December 2013 a generous alumni donor issued a challenge match to UWP. The donor pledged to match any gifts of \$1,000 or more up to \$500,000 as long as gifts were received by June 30, 2014. The donor also agreed to match any cast efforts to establish an endowed scholarship as long as they raised the minimum of \$10,000 to fund their respective endowments. "This challenge was an opportunity to motivate others to invest in UWP's future," said Marc Barbeau ('90A, Canada), UWP's Vice President of Advancement. "The donor's motivation was to spark people into action and join in ensuring that UWP has the resources needed to support our cast operations and provide scholarships assistance to students." In all, 177 donors participated with gifts that supported the UWP Fund, the Global Scholarship Fund, and endowment scholarships. "The impact is already taking place with several students arriving this week for staging due to the scholarship assistance they received from this effort," said Eric Anderson ('89E, United States), UWP's Vice President of Admissions. "It is a special time to witness what the generosity of others can do in creating opportunities for someone like Clyde and Alejandra. With scholarship assistance, both of them will be able to take part in what many alumni consider to be the most formative years of their lives. We are thankful we can count on our alumni and friends to pay it forward."

(Above, left) Eric Anderson greets two members of UWP's Cast B 2014 who received scholarships because of your support: Clyde Foxhall III. ('12B, United States), a second semester student; and Alejandra Hernandez Aguirre ('14B, Mexico).
